

Simple Australia Setup Guide

For: **David** (Australian Operations & Billing)

✓ 100% Legal on Student Visa (Subclass 500)

Why you are completely safe on your Student Visa:

Under Australian immigration law, international students are legally allowed to register an **ABN (Australian Business Number)** and run a business. The law only limits active work hours (max 48 hours per fortnight during university terms). Because the software engineering is done in Nepal, your Australian role is just administrative and billing (approx. **1 hour a week**), which is well within your legal limit.

Your 3 Simple Steps (Takes ~30 mins total)

1 Get an ABN (Free online)

🕒 ~10 mins

An ABN is just a free business identification number from the Australian Government.

- Go to: abr.gov.au and click "**Apply for an ABN**"
- Choose entity type: "**Individual / Sole Trader**"
- Enter your Australian **TFN (Tax File Number)** and passport details
- Main business activity: Type "**Software / IT Consulting**"
- Submit → Your 11-digit ABN appears instantly on the screen. Write it down!

2 Create a Stripe Australia Account

🕒 ~10 mins

Stripe is the payment processor that collects card payments from customers worldwide.

- Go to: stripe.com/au and sign up with your email
- When activating, select: **Australia** and **Sole Trader**
- Enter your **ABN** from Step 1
- Link your existing **Australian Bank Account** (BSB + Account Number) to receive payouts
- Upload a photo of your Passport/Visa if asked for ID verification

3 Connect Stripe to Chargebee

🕒 ~10 mins

Chargebee manages customer monthly/annual subscriptions automatically.

- Sign up at: chargebee.com

- Go to: **Settings** → **Configure Chargebee** → **Payment Gateways** → **Add Gateway** → **Stripe**
- Click **Connect with Stripe** and log in with the Stripe account you made in Step 2
- Done! All subscription billing is now live.

Common Questions from David

Will this affect my university attendance or visa renewal?

No. As long as you attend your classes and pass your subjects, having an ABN and earning business income is completely permitted.

What do I need to send to Dibyan once done?

Just message Dibyan your **11-digit ABN** and your **Chargebee login/site name**. The tech team will connect the website!
