

Complete Australia Setup Guide: ABN → Stripe → Chargebee

Screen-by-screen instructions for David (Australian Operations & Billing)

Prepared For: **David**

Jurisdiction: **Australia**

Legal Entity: **Sole Trader (ABN)**

Total Estimated Time: **~30–40 Minutes**

✓ Student Visa Compliance Note (Subclass 500)

International students are 100% legally permitted to obtain an ABN and operate as a Sole Trader in Australia. The 48-hour per fortnight cap only applies to physical work hours. Since the software engineering is in Nepal, your Australian billing tasks take ~1 hr/week, completely within legal limits.

STAGE 1 — 100% FREE • ~10 MINS

1. Getting Your ABN (Australian Business Number)

Go to the official Australian Government Business Register at abr.gov.au and click "**Apply or reapply for an ABN**".

1 Eligibility Questions

Question on Screen	Exact Answer to Choose
Are you starting or carrying on an enterprise in Australia?	Yes
Is your activity in the form of a business?	Yes
Are you intending to start a business in the near future?	Yes

Are you an Australian resident for tax purposes?	Yes (Living in AU on visa >6 months)

3 Identity & Business Details

- **TFN:** Enter your 9-digit Australian Tax File Number.

- **Full Name:** Enter legal name exactly as shown on your passport/visa.
- **Date of Birth & Address:** Enter your date of birth and Australian residential address.
- **Reason for Application:** Select **"Contractor / Starting a business"**.
- **Main Business Activity:** Type **"Software development"** or **"IT & Cloud Consulting"**.
- **Business Start Date:** Select **Today's Date**.

Result: Click Submit → Your **11-digit ABN** appears immediately on screen. Copy this number down!

STAGE 2 — ~15 MINS

2. Creating & Verifying Stripe Australia

Stripe collects customer credit card payments worldwide and deposits funds into your Australian bank.

1 Account Creation

- Go to **stripe.com/au** and click **Sign Up**.
- Use your business/personal email and choose a secure password.
- Verify your email by clicking the link sent by Stripe.

2 Business Information

Section	What to Fill
Business Location	Australia
Type of Business	Individual / Sole Trader
Australian Business Number	Enter your 11-digit ABN from Stage 1
Business Website	https://trysentinelops.com
Product Description	B2B SaaS software for AI agent security and governance.

3 Identity & Bank Details

- **Personal Details:** Legal name, Australian residential address, phone number, and last 4 digits of TFN.
- **ID Verification:** Upload a clear photo of your Australian Driver's Licence (front & back) or Passport photo page.
- **Bank Account for Payouts:**
 - **Account Holder Name:** Your legal name (must match ID)
 - **BSB:** 6-digit number (e.g. 062-000)
 - **Account Number:** Your Australian bank account number

Verification: Stripe verifies Australian Sole Traders almost immediately or within a few hours. Once verified, the dashboard will show a green "Active" status.

STAGE 3 — ~10 MINS

3. Connecting Chargebee for Subscriptions

Chargebee handles recurring monthly/annual subscription plans and customer invoices.

1 Sign Up & Site Creation

- Go to **chargebee.com** and click **Sign Up**.
- Set your site name to **sentinelops** (gives `sentinelops.chargebee.com`).

2 Connect Stripe Gateway

1. Inside Chargebee, navigate to: **Settings** → **Configure Chargebee** → **Payment Gateways**.
2. Click **Add Gateway** and select **Stripe**.
3. Click **Connect with Stripe**. A Stripe popup will open — log in and authorize the connection.
4. Set base currency to **USD (\$)** (customers pay in USD; Stripe automatically settles into your AUD account).

STAGE 4 — HANDOVER

4. What to Send Back to Dibyan

- ☐ Your **11-digit ABN number**
- ☐ Your **Chargebee Site Name & Login** (or invite Dibyan as Admin in Chargebee Settings)
- ☐ Stripe **Publishable API Key** (found in Stripe → Developers → API Keys)
